Dickies' 1922 range harkens back to looks from the company's storied history

This month we're giving three lucky readers a Hanston t-shirt and Longton sweatshirt from Dickies' new Hard Working Since 1922 range.

Ideal for plumbers who like to look on-trend both in and out of work, the new range is named after the year in which Dickies was launched and features colours influenced by the company's branding from previous decades.

Available in five colour-ways, the Longton sweatshirt features the iconic Dickies

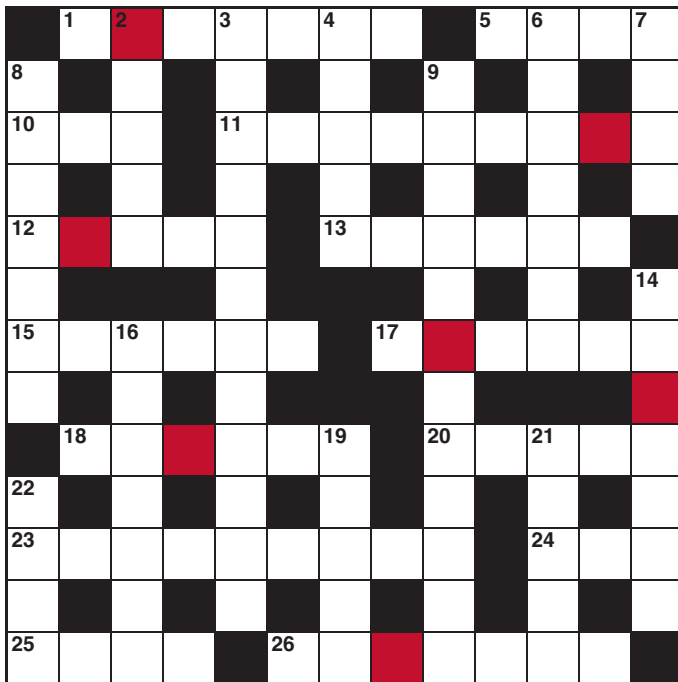

horseshoe logo on the chest, while the Hanston t-shirt is available in royal blue, red, or orange with strong Dickies branding across the front.

While both the t-shirt and sweatshirt work well as casual clothing options, both styles have been created to Dickies' high standards of quality, ensuring they provide comfort and durability needed to support plumbers at work.
