

# MONUMENT TOOLS PUZZLE PAGE

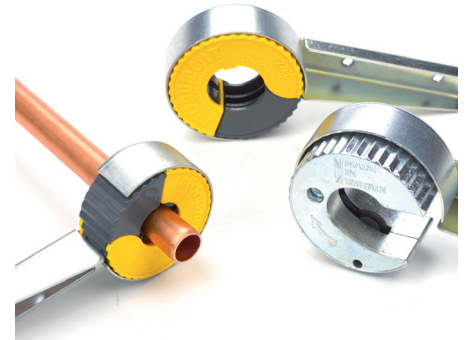

There are 10 sets of personalised Monument Autocut Copper Pipe Cutters to be won in this month's puzzle page.

The Monument Autocut is made in Britain, and the personalised kit includes 15mm, 22mm, and 28mm sizes. Each pipe cutter will be personalised with your name and company name.

These slices are all manufactured and personalised in the Monument factory in Hackbridge, Surrey, from zinc die-cast bodies, and all parts (except the screws) are made in Britain.

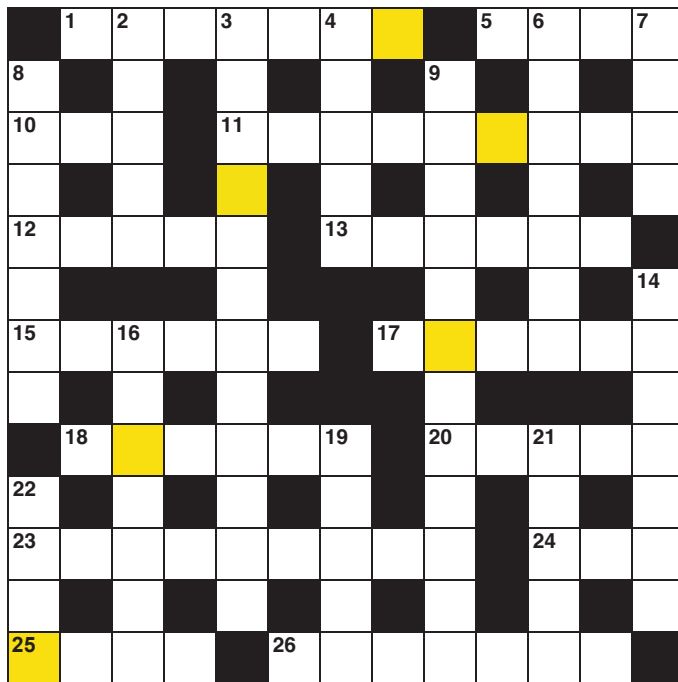

The Monument Autocut has a unique outer shape, which allows them to engage with the Monument Restricted Access Handles (available separately). This outer shape is also the same as the outer shape of the popular Monument Automatic Copper Pipe Cutters – available in 15mm and 22mm versions.

You can follow Monument on Facebook, Twitter, and Instagram to find out more. Monument will be publishing helpful hints for the puzzle page and we look forward to receiving your entries.
